The publishers earnestly request the bringing to their attention of any inaccuracy so that it may be corrected in the next edition of the directory.

HILL DIRECTORY CO., INC., Publishers

INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1961 edition of the New Bern City Directory, which includes Bridgeton, and Rural Route Residents.

This is the first Hill Directory of New Bern, and is completely standarized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of New Bern's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting New Bern to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and the New Bern Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This embraces a complete list of the names and addresses of the business and professional concerns of the city and vicinity, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city and vicinity. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a progressive community like New Bern, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of New Bern and Bridgeton, and the name, official personnel, nature and address of each firm and corporation in the community.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Di-

7977268

rectory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of New Bern and vicinity.

There are more than 700 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which Hill Directory Co., Inc, is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

NEW BERN

CENTER OF HISTORY—PIVOT OF PROGRESS

(Courtesy New Bern Chamber of Commerce)

This is the land where much of our history had its beginning, centered about New Bern, North Carolina's second oldest town, Colonial Center for business, culture, and political activity, the site of many of our "firsts". It is also a land of jet planes, trim modern boats, great modern highways and buildings—a land where the pulse of Eastern North Carolina's great new era of development is strongly evident.

New Bern looks two ways, a fact which accounts for the stability and sound character of progress which is evident here. Important strides have been made in the development of the area's mineral, timber and agricultural resources. Diversification in agriculture and industry have dominated this growth. Yet, while New Bern's aggressive citizens push on toward greater progress in business, agriculture and industry, they have kept a firm grip on the cherished traditions of their rich history, preserving the best of the past for themselves, their descendents, and for welcomed visitors who come here from throughout the world.

Aerial View of New Bern

Tryon Palace, called "the most beautiful building in the Colonial Americas," was built in pre-Revolutionary days by Royal Governor William Tryon as North Carolina's first fixed Colonial Capitol. Later it became the first Capitol of the State. Four State Governors of the State were inaugurated there. Restored authentically and furnished with mid-18th century antiques, at cost of more than $3,000,000, it is considered one of America's greatest showplaces. During the first 22 months it was opened to the public it attracted over 57,000 admiring visitors from all 50 states and 43 foreign countries.

New Bern is a sight-seer's paradise. Here are over 100 homes a century or more in age, many of which are open to visitors during the annual Garden Club Pilgrimage. The John Wright Stanley home, now a free library, with museum, is open daily. The Fireman's Museum (awarded the only prize by the National Historical Society for the preservation of antiquities in 1957), Attmore-Oliver House, William Gaston House, Masonic Temples and nearby Fort Macon add points of interest.

Historic Tryon Palace erected 1767-70, destroyed by fire February 27, 1798, restored 1952-59. First Colonial State Capitol in North Carolina and considered the most beautiful building of it's day.

Historic John Wright Stanley Home, now a public library. President Washington spent two nights there in 1791.

Few cities anywhere afford more complete transportation than New Bern. By air, both National and Piedmont Airlines maintain scheduled flights from Simmons-Nott Airport, giving New Bern "the best, most frequent air service of any small city in the country". New Bern Air Service offers air taxi service, G I approved flight school for commercial pilot training, rental of air craft, aviation gas sales and aviation maintenance. National U-Drive-It automobile facilities available at airport.

Three railroads—Norfolk-Southern, Atlantic Coast Line and Southern serve the area. Three important highways, U. S. 17, U. S. 70 and N. C. 55, intersect here. The home office for Seashore Transportation Company is here and numerous Motor Freight Lines have offices and warehouses.

Barbour Boat Works Inc.—construction and repair of steel and wooden vessels. Propeller reconditioning plant, five marine railways—30 to 1,200 tons, marine supplies, marine salvage.

New Bern Chamber of Commerce

Barbour Boats Inc., Pleasure Craft, manufacturer of pleasure boats up to 22 feet.

Water commerce provides freight advantages enjoyed by few cities. New Bern is served by both the Neuse and Trent Rivers, with a minimum 12 foot channel which connects directly with the Intra-Coastal Waterway and the North Carolina State Deep-sea Port Terminal at nearby Morehead City.

As County Seat of Craven County, New Bern draws many patrons from the county and neighboring counties. Its population was 11,815 by official count in 1940, with 15,717 official count 1960 census. The inviting allure of the Neuse and Trent River Shores homesites has attracted many citizens, thereby creating an exodus of families adjacent to the city. Greater New Bern population 18,346. The county official census in 1940 was 31,298, the official count in 1960 was 58,773. More than 250,000 people reside in the trading area.

There are 69 manufacturing establishments employing 2,600 workers who receive manual wages of more than $6,000,000. The annual operating cost of the Marine Corps Air Station at Cherry Point is $76,000,000 of which 75 % is represented in payrolls. County retail sales were in excess of $57,000,000 in 1960.

New Bern's three banks (with branches in the county), and three Savings and Loan Associations with resources of more than $407,158,000 gives this area a sound financial basis for expansion.

Current industrial establishments include factories for making men's trousers, ladies' dresses, hand screened shirts and ties, one commercial boat manufacturer, two builders of pleasure craft, six lumber mills, three plywood factories, cement block plant, awning and tent manufacturing company, boat trailer plant, feed mills, grain elevator, fertilizer plants, livestock market, curb market, meat packing plant, frozen foods locker, pickle plant, chicken hatchery, two milk pasteurization plants, ice cream factory, five bottling plants, patent medicine firms and printing firms.

Since July 1, 1947, New Bern has had the city manager form of government with a Mayor and City Manager, and one Alderman from each of the five wards. The City Manager, Chief of Police, City Clerk-Treasurer and Tax Collector are appointed by the Board of Aldermen. Craven County is governed by a board of five Commissioners representing various parts of the county with two from New Bern.

Property in the county was valued for tax purposes in 1960 at $45,685,000 of which $18,922,000 was in New Bern.

Fifteen State and Federal District Offices are located in New Bern.

Sudan Shrine Temple has its home here, with members as far west as Durham. A $150,000 Shrine Auditorium has been erected next to the Shrine home and is available for public programs. A $300,000 Temple is used for offices and semi-annual reunions of Scottish Rite Masons. Meetings are also held here frequently by New York Rite Masons and affiliated bodies.

New Bern High School

Located here are St. Luke's Hospital for white, Good Shepherd for negroes, a 100 bed Craven County hospital, now under construction, provides facilities for expansion of 61 additional beds, and the County Hospital Home. The City-County Health Department has a modern health center.

Numerous churches are in and around New Bern and there are many religious, benevolent, patriotic and civic organizations.

The Sun-Journal publishes two editions of its daily newspaper. There are two local radio stations, WHIT and WRNB. Nearby, are two television stations serving the area with a primary signal, one NBC, the other CBS. Muzak offers a source of background music that is used by major companies throughout America.

Hundreds of new homes have been built with suburban residential sections expanding rapidly. There are two low-rent housing projects, one for white, the other for colored.

Recreation is unlimited, the broad, beautiful waters of the Neuse and Trent Rivers provide the perfect setting for boating, fishing, swimming, skiing and other water sports. In addition, North Carolina's popular beach resorts are but a short distance away. There is excellent hunting in season.

Commodore Boats, Incorporated, 16 to 35 foot outboard and inboard cruisers.

Simmons-Nott Airport, New Bern, North Carolina, serving National and Piedmont Air Lines.

New Bern people love fun, and their recreation is varied: golf at the Country Club, tennis and other outdoor sports may be enjoyed in the mild climate. There is a well organized year-around municipal recreation program, as well as lively social and civic life.

Excellent hotels, motels, restaurants and dining rooms, together with cordial hospitality is fast making New Bern into a convention and tourist center.

Seven elementary and two high schools, with exceptional faculties, give college preparatory courses plus vocational-trade and technical training. The school plants are modern in every respect and a constant building program has been under way for the past several years. The rural schools have modernized their plants in the past five years and are excellent in every respect. New Bern with 58 % and Craven County with 43.27 % of its graduates entering college rank among the highest in North Carolina.

The world's largest Marine Corps Air Station at Cherry Point with its thriving civilian settlement at fast growing Havelock, is in the eastern part of Craven County, greatly strengthening the economy of the entire area. Camp Lejeune, largest all-purpose Marine Corps ground base, is in nearby Onslow County.

New Bern wears its long honored career of 251 years well. Its tradition of hospitality and genuine friendliness is experienced by every visitor whether he comes as a tourist or a business man, whether as a casual visitor, or to make his home here, he will receive a warm genuine welcome to the "Land of Enchanting Waters".

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind

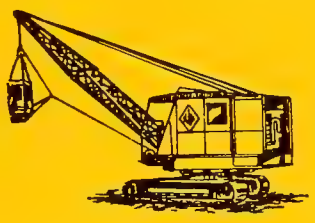

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

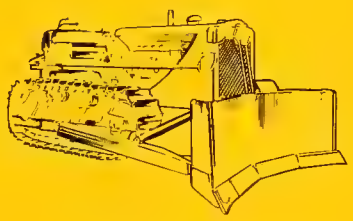

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Do your employers furnish you with the latest edition of the City Directory

?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CITY DIRECTORY USES

1. SALES PROMOTION:

a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's call on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given, radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.

2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.

3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmanagers, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.
 Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

2. CREDIT:

a. Verifying customer's statements and information.

b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

FOR EVERY BUSINESS

d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer). The references given by the applicant for credit, can be identified in the same manner—who they are, what position they hold, etc.

e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

3. DELIVERY AND SHIPPING:

a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

4. PURCHASING:

The complete **classified business section** in the back of this directory, makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official of firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk(*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

5. GENERAL INFORMATION:

The Alphabetical Directory lists—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

The Householders' Street Directory shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

The Classified Business Directory shows all business in the city arranged under heading most descriptive of the nature of the business.

When You Want to Know:

—where a person lives.

—what his occupation is.

—who lives at a certain number on a street.

—where a street is located.

—the correct spelling of a name.

—the officers of a corporation.

—the partners in a firm.

—the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

—you can quickly find the answer in the City Directory.

A STATEMENT
OF
ADVERTISING PRINCIPLES

1. **Good Advertising** ~ aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** ~ tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** ~ conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** ~ recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

THE
CITY DIRECTORY

represents the City and its
institutions in every corner
of these United States

ARE YOU PROPERLY REPRESENTED IN IT?

The Classified portion
catalogues the professions
and goods handled here

ARE YOU LISTED UNDER YOUR PROPER HEADING
SO THE PROSPECTIVE BUYER CAN FIND YOU?

"Think It Over"

Your City Directory has

HUNDREDS OF USES AND APPLICATIONS

BUYING

Learning new sources of supply.
Keeping up with known sources of supply.
Checking on the record of firms from which you buy as to dependability, stability, etc.

SELLING *(Including market analysis and sales promotion)*

Locating new markets.
Maintaining up-to-date mailing lists.
Analyzing the buying power of a community or street.
Routing salesmen to avoid lost motion in reaching prospects.
Locating residents of hotels and apartment buildings, many of whom are listed nowhere else.
Identifying names and titles of officials, for use of salesmen.

CREDIT REFERENCE *(and Collections)*

Running down delinquent debtors.
Checking credit applications as to address, moving habits, names of employers, stability of employment, family status, neighbors, whether owner or renter, etc.
Identifying persons of same or similar names.
Investigating cases in welfare, charitable, social service and legal work.

DELIVERY *Communication, Mailing, Etc.*

Routing deliveries.
Reducing dead letters and insuring more complete delivery of mail.
Effecting delivery of messages and parcels erroneously or defectively addressed.
Correcting names and titles.

LAW ENFORCEMENT *Criminal Detection and Apprehension*

Tripping bad-check passers.
Deciphering illegible signatures.
Guarding against habitual bill dodgers.
Tracing heirs and witnesses, settling estates, and establishing facts as of a certain date.

EXPLANATION

Wives names are listed with husbands, the name of the wife is shown in parenthesis following the husband's as follows: Gregory Richd M (Mary L).

In case of a widow by death, wherever possible the name of the deceased husband is shown in parenthesis as follows: Gregory Mary L (wid Richd M).

The occupation and place of employment is listed as follows: Gregory Richd M (Mary L) slsmn Starr Clothing Co.

Names in **heavy type** denote advertisers in this City Directory.

Ownership or co-ownership of a firm is indicated by showing the individual's name in parenthesis following the firm name, as follows: Carson Grocery Co (Geo B and Paul N Carson).

A firm name enclosed by parenthesis indicates ownership or co-ownership by the individual whose name precedes, as follows: Carson Geo B (Carson Grocery Co).

The head of the house is indicated by h preceding the street address; other members of the family and roomers are indicated by r preceding the street address.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

THE REQUISITES OF AN UP-TO-DATE CITY

!

A Good Hotel

A First Class Newspaper

Good Banks

Economical Lighting Facilities

Good Railways

Cheap Fuel

Plenty of Pure Water

An Up-to-Date City Directory

The Publishers

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Our Service Cannot Be Excelled

Typical Questions

Your City Directory
Will Answer

ABOUT AN INDIVIDUAL

How does he spell his name?
What is his middle initial?
Is he married? What is his wife's name?
Where does he live?
Does he own his home or rent?
Has he a telephone?
Who are his neighbors?
What does he do for a living?
Where does he work?
Is he the "head of the house" or a resident?
Does he own a business? Is he a member or officer?
Who else is in the same business or profession?
Is the woman single, married or a widow?

ABOUT YOUR CITY

What is the city's history?
What are the latest population figures?
What is the latest statistical and general civic information?
What are the leading industries and activities of the city?
What are the names and locations of the schools?
What are the churches and where located?
Who are the pastors of the churches?
What are the locations of the hospitals, homes and asylums?

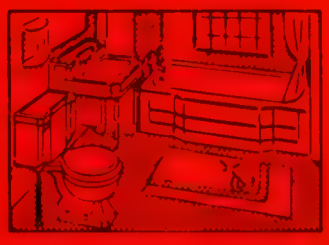

ABOUT A LOCALITY

How is the quickest way to get there?
Who lives at a given address?
Is there a telephone at the address or nearby?
What is the character of the neighborhood?
Is it a "home-owners" section?
What is the nearest street corner?
What is the nearest store, church, school, garage, shopping center, parking lot, etc.?
Where are the public and office buildings?
If it is a business location, what business?
If an office building, what firms or professional people are in what rooms?

ABOUT A BUSINESS CONCERN

What is the nature of the business?
What is the correct name and address?
Is it a Proprietorship, Partnership or Corporation?
Who are the partners, owners, or officers?
Who else in same or similar lines?

Including Bridgeton

Copyright, 1961, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

Would be constantly before the public – the buyers – twenty-four hours a day – three hundred and sixty-five days a year – every year.

Think it over

Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

If You Cash Checks for Others

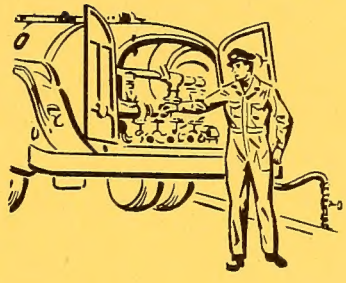

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence.* Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

FUEL OIL SERVICE CO.

Essoheat Fuel Oil

Our DEGREE-DAY SYSTEM of Automatic Delivery Assures You of an Adequate Supply of Oil At All Times.

Our METER TICKET PRINTER prints exact number of gallons delivered on every delivery ticket. This prevents mistakes and assures accuracy.
